

Happiness lies in the joy of achievement and the thrill of creative effort.

-Franklin D. Roosevelt

Dear Parent

Wishing the Gurukul Family a very Happy New Year!!

The learning curve of students at Gurukul The School, is synonymous with diversified achievements and dynamic learning experiences. Every accomplishment starts with the decision to try!!

Once again, Team Gurukul has etched their name on a prestigious range of awards. We have been placed on **17th position PAN India in the 'Best Schools' category, 2nd position in U.P and 1st position in Ghaziabad** by the **'Education Times' magazine**. We have collaborated with IIT (Delhi) to forge the best teaching-learning pedagogies so as to ensure a cutting edge to our students at renowned competitive platforms.

Continuing the journey de excellence, our little ambassadors presented a tapestry of talent through various activities. Pratham Pathak and Avni Nagar of class KG won 2nd prize in the fun race 'Hungry Fox' in the Inter- school competition held at 'Ryan Shalom'. Through the 'Story Dramatization' activity, the little kids unfurled their imagination and chiselled their linguistic skills.

The New Year comes ringing in with a more of the activity arcadia wherein our little Samaritans will bask in the National Fervour by celebrating Republic Day and hone their understanding of means of transport through the activity Auto Expo @ Gurukul.

Upcoming activities for the month of January 2017
