

'Education is the anchor that holds life together through the testing currents.'

Dear Parent

Heartiest Greetings from Team Gurukul !

The month of May spurred a wave of happiness in the Gurukul Family with the **phenomenal results of Class XII and X**. Our students made us immensely proud and once again proved beyond doubts that 'hard work has no substitute and its fruits are always sweet'. With this, the benchmark for thriving further has been set soaring high. Rejoicing the moment, **we congratulate all our students and stakeholders whose unstinted support and persistence has carved this monumental glory.**

Carrying forth the baton of our '**Traditionally sharp and Progressively focused**' outlook, a group of Gurukulites accompanied by teacher delegates, visited the world's most renowned educational hubs including Boston Latin School, Howard University and Massachusetts Institute of Technology as part of the **International Thought Exchange Programme**. They made memorable trips covering the United States, Washington and New York.

After the zing of delightful summer sojourns, the learning voyage is all set to scale new heights. The month of July will encompass more of learning opportunities. While we line up to host our most awaited Annual Inter-School Competitions - **Synergy 2017**, the academic rigour and preparation for the upcoming UTs shall remain at the helm of all activities.

The activities for the month of July are mentioned below:
