

**'Nothing is impossible; the word itself says I'M Possible! - Audrey Hepburn**

Dear Parent

Greetings for the Day!!

At Gurukul The School, learning is a gradual process and exploring knowledge is a continuous delight. We ensure that children learn naturally and absorb as much as possible. The yearlong efforts invested in cementing our students' brilliant ideas into the moulds of knowledge and application, have borne rich dividends. We have seen our little cherubs bubbling with enthusiasm and we have optimised their latent skills by providing opportunities of learning through vast range of activities.

February was a busy month with the entire Pre-primary wing abuzz with rigorous practice regime for Bioscope. The little kids put in their day break sleep hours to ensure that the preparations were well in place and the show was overwhelmingly received.

The month of March along with the cool breeze, brings a bouquet of activities and celebrations. While the session 2016-17 inches towards its closure, we have set plans to make the denouement, a time worth remembering. A complete ensemble of activities is lined up to make this month extra special. Field activity @ Gurukul Acreage and the celebration of Holi remain the primary highlights of the month.

**UPCOMING EVENTS FOR THE MONTH OF MARCH'2017**
