

'With the right mix of chalk and challenges, teachers can change our lives.'

Dear Parent

At Gurukul The School, we believe that teachers are those pillars, who transform themselves into bridges to facilitate their students' smooth sail in the journey of life. As the unflinching source of inspiration, teachers push the students with motivation and support and bring them to an enhanced UNDERSTANDING OF SELF- an actualization of latent skills and the means to excel them.

The month of August was thickly dotted with stupendous accomplishments of our student squad in competitions and activities ranging from Debates, Yoga, Dance, Sports, Role plays and Spellathon in a flurry of Intra School and Inter School events. The Investiture Ceremony saw the baton of responsibility and leadership passed on by the Student Council 2016-17 to the representatives of Prefectural Board 2017-18 whilst the fervour of Independence Day prevailed in the air.

The upcoming month will witness the Gurukulites, expressing their gratitude towards their teachers and furthering the dimensions of their learning trajectory. An insightful amalgamation of activities, competitions and special assemblies will remain the highlights while the little torch bearers will chisel their skills and showcase their talent in curricular as well as co- curricular domains.
