Date – 04.05.2018

Dear Parent

Greetings for the Day !

With an objective to make learning a joyous and life-long endeavor and attaining knowledge , we find great delight in generating opportunities for application based multi-dimensional education, making the aspirations of our learners graduate into accomplishments.

We, at Gurukul, believe in inculcating the sense of responsibility among students by widening their horizon which is imperative to nurture their overall personality. In conjunction with this belief, the month of April had multitude of workshops ranging from **how to provide Basic Life Support in case of emergencies to an effective way to deal with Adolescence anxieties.**

During the month, students with their birthdays in the months of April, May and June were showered with the blessings of the Almighty in the holy Hawan ceremony. The School also organized plethora of activities like Elocution and Extempore to hone and sharpen their Communication Skills. To make the knocking summers a rocking time, we are all set to unwrap- the much awaited summer bonanza- the exciting educational excursions to add zing to the terrain of academics.
