Dear Parent

**Heartiest Greetings from Team Gurukul !**

September—the month of new hopes, September—the month of new aspirations, September is the month of high expectations. For the students, September is also the month to prove their mettle. It is time for them to do better groundwork and set higher benchmarks to outshine in Half Yearly Examination. The month would not only witness the single-minded projection and conscientiousness of the students but also the expression of their gratitude towards their teachers who keep on motivating them for their future endeavours.

At Gurukul, we believe in progress through these empowering stages—from **harvesting information** to **gaining knowledge**, to **reaching understanding** and finally to **forming convictions**. To excel in all the stages and to outshine in the approaching exams, we would like to share the following tips—

- Prepare a schedule and follow it rigorously
- Make realistic targets and work hard to achieve them
- Learn by writing and understanding and not by cramming
- Stay in touch with the teachers for any help
- Lock all the distractions
- Take time out to unwind, always remain positive
- Eat healthy, sleep well and prepare the best to avoid stress

**The activities for the month of September are mentioned below:**
