

‘Life becomes a festival when gaiety and culture blend.’

Dear Parent

Heartiest Greetings from Team Gurukul !

The real purpose of education is to empower children to face challenges and become independent. At Gurukul the School, we create opportunities for our young students to get inspired and become versatile individuals. An assortment of Inter class activities and competitions remained the prime highlights of October with skill enhancement at the epicenter.

Learning at Gurukul, is a non-stop juncture and this is what brings a huge change in our children. An insightful amalgamation of activities, competitions and special assemblies will remain the highlights in November, while the little torch bearers will chisel their skills and showcase their talent in curricular as well as co- curricular domains. The upcoming Unit Tests will give the students of classes III – V, a chance to channelize their knowledge and prepare judiciously for the same.

The activities for the month of November are mentioned below:
