**'Be willing to be a beginner every single morning.'****- Roy.T.Bennett**

Dear Parent

Warm wishes from Team Gurukul!

Gurukul The School prepares and motivates its students for a rapidly changing world by instilling in them critical thinking skills, a global perspective and a regard and appreciation for core values of responsibility, honesty, compassion, fairness and respect. Students will succeed today and will be prepared for tomorrow. The school strives to provide all students the best education so that they may achieve their full human potential.

A new academic year means a new beginning. This is an exhilarating time of the year for each student. We hope our students enjoyed thoroughly in their session break holidays and prepared themselves well for the new academic year. Success is the sum total of hard work, preparation and perseverance. To achieve success, one has to go the extra mile. There's no denying to the fact that our diligent students put the best endeavours to perform par excellence for the Annual Exams and passed with flying colours. In order to perform even better, their avidity, planning and preparation must be one notch up in this academic year as we all know well-begun is half done.

The Future is Now. It means that our future depends on what we attempt today. Our students possess immense brilliance and have great potential. They must trust themselves; dare to dream and soar high.
